

**Rayat Shikshan Sanstha's**  
**Abasaheb Marathe Arts & New Economics, Science College, Rajapur**  
**DEPARTMENT OF ECONOMICS**  
**Attainment of the Programme Outcome Report**

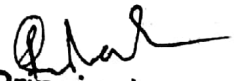

Consistent and sustainable efforts have been taken by department of Economics to provide quality education to the students of Konkan area. Through the teaching of the program of B.A. & B.Com., the effort is made to enhance various skills viz. the financial skills, managerial skills, entrepreneurial skills, numerical ability, critical ability and commercial sense among the students. Through the teaching of the program of an effort is made to develop the ability of analyzing historical and current events from an economic perspective, enrich knowledge with innovative ideas and techniques essential for business and financial management, inculcate command over specific skills in business, enhance capability to acquire and handle any position in business, develop analytical, interpretative and presentation skill regarding research in Economics and management. Quality efforts have been taken by the department of Economics to create financial and economic awareness among students.

Through the various efforts and activities department always tries to improve the performance of the students in the examination. The department has slow and advance learners programme, ICT based teaching learning and also personal counseling to solve their academic, other personal and stress related problems of the students. Through the attainment of the programme, students can cope up with the demands of various competitive sectors. By using enhanced skills and knowledge, our students are working competently in primary, secondary and tertiary sector. The results of the department have been improved through the use of combination of variety of teaching learning methods. In this way, we have achieved perfection in the personality development of the learners.
