

Attainment of Programme Outcome Marathi Department

Department of Marathi works to cultivate Marathi language and literature. To preserve traditional art and culture especially to the Konkan and Malvani local dialects of Marathi is the basic objective of the department. Through the teaching learning process of the Marathi literature Marathi department tries to create an interest among students about literature. After the completion of the course, students can acquire the critical attitude about studies in literature. It can avail them the job opportunities in the translation studies and also in print as well as in electronic media. Outcome of program can be imbibing the literacy research attitude which can provide them various opportunities in the research area. After the completion of the course learners can get mastery over translation skills which will also provide them jobs in translation sector. BA in Marathi literature can provide job opportunities in TV shows anchoring, anchoring of various comedy shows on TV channels. Thus Marathi department strives its best to nurture the overall development of student's career.
