Everything is good

NA

First of all I express my gratitude to Ryat Shikshan Sansthan for providing higher education in our backward area.

The present Principal Rathod sir has seen the college from zero till now, he is my mentor and I have no authority to suggest him, but I want to say that the bond with the society is not strong. That means it is necessary to increase connectivity.

Also, there is a need for a structure in which the children of the society will contribute in the academic and non-academic activities or aspects of the college.

No

This college has given me an excellent education in the field of science (Botany). I am proud to be an alumnus of this college. I would like to give only two suggestions, an improvement necessary in transport like ST buses and canteen facilities available there would be better.
